

Job #08

Bracelets -

- All attendees must have a bracelet – either a drinking bracelet or a non-drinking bracelet
- Drinking tickets are Dark Green or Yellow and say “Drinking Age Verified”
- Non-drinking bracelets are a fluorescent orange
- Stand right behind the ID Checkers – and ask if they are “SAMPLING” OR NOT SAMPLING (I like to say sampling vs drinking as we are trying to have our Brewfest be known as a “sampling” event vs a “drinking – get drunk” event!
- All bracelets are in single strips (we have separated them from being attached to each other) for easy use
- Bracelets can go on right or left wrist – make the closure tight enough that they can’t switch off and on with another non-drinking person but not so tight that it makes them uncomfortable. Try to connect the sticky part to the bracelet evenly so it won’t pull a person’s arm hair when they take it off. (LOL!)
- When you remove the “tab” covering the sticky part, please put it into a bucket that should be located nearby.
- Please clean up your area when lulls happen

Thank You!
