

## Job #09

### Handing out Glasses -

- Once a ticket is scanned, all attendees with a DRINKING BRACELET (GREEN OR YELLOW) will have receive a Sampling glass.
- You may have some comments that the glass is small, but you can nicely remind them that “there are no drinking tickets anymore and they can sample to their hearts content!”
- Be sure that NO non-drinking attendees (with the fluorescent orange bracelet) are handed a sampling glass!
- Please keep your area clean – you can hand out glasses right from the box, however feel free to fill up table space if it works easier for you.
- If you need more glasses, full boxes will be at the end of each table – ask for help moving them closer to you or help with putting them on the table.
- Brendon Cook is in charge of the Front End, and he will be there to assist you if have any questions or problems.

Thank You!
