

Job #10

Ticket Scanner -

- All attendees will have either a Printed Brewfest ticket, a print-out for purchasing their ticket online, or they will show you their ticket on their phone. You are mostly concerned with the QR code.
- We will have a “scanner” (actually an iPhone 5 with specific software on it) for you
- Once a ticket is scanned in one of the 3 ways, the QR code becomes invalid, so tickets can't be shared with anyone else.
- If they can't find their ticket or left it home, there is a way to look up their name on the SCANNER or we also will have a list of all ticket purchasers available.
- Brendon Cook is in charge of the Front End, and he will be there to show you how to scan and he'll be there if you have any questions or problems.

Thank You!
